

Please note the doctors clinic hours are subject to change to allow for holidays, study leave and sickness. We do offer extended hours which include early mornings, late evenings and Saturdays. Please ask at reception if you would like to book in for one of these clinics.

### Parking at Abbey Rise

As you will see and hear, building work has now begun at Abbey Rise and the workmen have started to move the necessary equipment in. This has meant that we have now had to cordon off the car park completely. This will stay closed until further notice.

We apologise once again for any inconvenience this may cause you. We have managed to retain two spaces for disabled patients at the side of the building.

We would encourage patients to use the Abbey Car Park on Whitchurch Road or Riverside Car Park on Pixon Lane for the foreseeable future.

Patients wishing to be seen at the Canal Road site are advised to use the Bedford Car Park.

We appreciate your understanding and co-operation during this time and assure you that we will let you know as soon as we are able to regain any parking spaces. Please be aware that this has affected the staff as well so we are aware of the difficulties it causes but know that the end result will be worth the inconvenience. Thank you.
